

DISTRICT COURT.

The District Court met on Saturday, December 22d, 1877, and transacted the following business:

State of Nevada vs. Isaac McManus, Newman et al.; trial continued throughout the day, and after argument by counsel case submitted to jury, who retired and shortly after brought in a verdict of "not guilty" against the defendants, who were remanded to jail to await the action of the State in regard to the indictment (not yet tried) for the killing of Carter.

The Grand Jury came into Court, made their report, and were discharged. Court adjourned until Monday, December 24th.

Court met on Monday, but there being no business before it, adjourned to meet January 3d, 1878.

ABOUT SILVER REEF, ETC.—We learn the following items in regard to affairs in and about Silver Reef: The mill built by the Christy Mill and Mining Company is on a line between Bonanza City and Silver Reef. It has five stamps, six pans and three settlers. The machinery was furnished by Prescott, Scott & Co. of San Francisco. The contract for building the mill was let to White & Allen, the contract specifying that it was to be finished in all of its equipments and to be a first-class mill in every respect. As a guard against fire a four-inch pipe, 1,500 feet in length, has tapped the main ditch of Quail Creek, and the pressure at the mill is 65 feet, thus insuring a bountiful supply to the mill both for use and in case of fire. Expect to start up the mill on the 24 of January. The Company's mines are the Silver Flat, Teanash, Silver Point, Chloride Cliff, Silver Crown, Maggie and California, the five first being purchased from Barbee, the Maggie from the Willett brothers, and the California from Grant, Gifford and Brischner. The company expects that with these mines they will be compelled to erect a larger mill. The Rock Cliff mill has changed hands, being now under the management of Colonel Wall. The Barbee and Walker mines are looking well and the owners expect to bring in a mill soon. The Leeds Company is working away successfully as usual. At the Pinkham mine the west shaft is down 85 feet, and are expecting to strike ore at every foot that is made in depth. As soon as ore is struck the mine will be worked vigorously. There is no reason why this mine in three months from date should not divide the honors with the Leeds Company. The town of Silver Reef is being improved fast, probably beyond its necessities. The mill being built on the edge of the town has given an impetus to business generally. The whole outlook of Leeds District is cheerful and encouraging.

THE TRIAL.—The trial of Sloan, McManus, Dean and Newman, charged with the murder of B. Holland at the Muddy reservation, was finished up on Saturday evening, the case being given to the jury about 8 o'clock. They retired and immediately cast the first ballot, which stood eleven for acquittal and one for conviction. On a second ballot, a short time afterwards, the jury were unanimous in their verdict, and on the Judge, attorneys, and prisoners being called, the verdict of "not guilty" was rendered. The prisoners were remanded back to jail to be tried in January on the second indictment, for the murder of Carter, which will in all probability terminate as the case just tried, unless the prosecution has secured additional testimony and make more of an effort than they did in the former case.

SWORN OFF.—As New Year's is but a couple of days off, and as there will be a great amount of reforming and "swearing off" done on that day, we will suggest to the half a dozen scandal mongers in Pioche, who have been busy in attempting to make the character of every man and woman in this camp as low, degraded and venomous as their own by saying they "heard so and so," to organize themselves into a "swearing off" club.

PERSONAL.—Captain H. S. Lubbock, Superintendent of the Christy M. & M. Company and Pinkham mine at Silver Reef, arrived in town on Saturday evening last from that place, intending to stay over the holidays. Frank Carter arrived by the same stage. They report Mrs. J. J. Halpin as being dangerous ill. J. R. Duff arrived from San Francisco Saturday night.

FOUND.—Some male wretches found on Christmas Day, on Main street, a garter of the latest improved pattern and immediately commenced commenting on whether it had covered a No. 13 stocking or whether a female elephant was the owner of it. To what decision they arrived we did not learn.

THE customary oath administered, your name placed on the Great Reform Register for those that swear off 1st of January, and affidavit attached, with the very best fluid refreshments, for one price! one bill! at Panama Saloon, No. 1000 Main street.

CHRISTMAS IN POCHE.

Christmas in Pioche this year, although it did storm and snow somewhat, was passed much more agreeably than it had been for two or three years previously. The various stores were for a couple of weeks previous overflowing with fancy goods and articles of "virtu," which were quickly sold, so that by that day the assortment was gone or pretty well broken up. Every one seemed to be giving and receiving, and during our remembrance of the day we have never seen a handsomer assortment of gifts than were distributed around Pioche. Invitations to a Christmas dinner, at the houses of most of our citizens, were tendered to personal friends, and in the midst of the enjoyment of "good cheer" provided, present troubles and anxieties were forgotten. The town was rather quiet, no disturbances to amount to anything occurring, every one being good humored and enjoying the day. May we all pass many pleasant Christmas Days as we did that of 1877.

EPISCOPAL CHURCH CHRISTMAS TREE. Christmas Eve was celebrated at the Episcopal Church by having a Christmas tree, songs by the Glee Club and Sunday-school children, and a visit by Santa Claus during the festivities. On visiting the church that evening we found it gaily festooned with evergreens in the shape of wreaths, arches, mottoes, etc., in the rear of the church, above the altar, was inscribed "Peace on Earth, good Will to Man." Over the Christmas tree two flags, surmounted by a white cross trimmed with evergreens, were hung, on the trees, the words "God Bless our Schools," were inscribed. A handsomely decorated arch-way also led into the vestry, while the altar was appropriately decorated. The tree was large, handsomely trimmed and strong with a profusion of presents for the Sunday-school children. The evening's entertainment commenced with a song by the Glee Club, of which Mr. Tappitt was leader. They were followed by the Sunday-school children in the song called the "Fountain of Life." After several songs by the club and children Santa Claus, personated by Mr. George Miller, the A. & P. telegraph operator, entered, creating quite a commotion among the youngsters. He was clad in a robe of silver and gray fur skin trimmed with white ermine, with a hat of light colored sable (perfume emanated from this hat that reminded one of the "spices from Araby the Blessed"), the top of the hat being hung at the peak with small bells. After a short address a descriptive song was sung by him in splendid style, much to the gratification of the entire audience. The entire part was well rendered by Mr. Miller and reflects great credit on him, as well as his "make up" did on the ladies who had a hand in it. After the exit of Santa Claus the presents were distributed to the happy boys and girls, and the audience dispersed. The children are under many obligations to the Glee Club, G. H. Fish, Rev. R. H. Kline, John Shier, Mrs. Rives, Mrs. Loomis Mrs. Rich, Mrs. Appleby, Mrs. Clute, Mrs. Lee, Mrs. and Miss Campbell, Mrs. Morton, Mrs. Henderson, and other ladies, for the happiness afforded them on the occasion of the Christmas tree.

CATHOLIC CHURCH CHRISTMAS TREE. Instead of mass being celebrated at the Catholic Church on Christmas Eve, as it usually is, owing to the absence of a Priest, there was celebrated instead the festival of a Christmas tree for the benefit of the Sunday-school scholars. The music during the evening was of the best kind, every one present thoroughly appreciating it. The choir, composed of Messrs. Rogers, Krause, Duff and the Misses Annie Lynch, Maggie Morris, Maggie Lynch and Mattie Clark, exerting their utmost efforts in rendering good music. The church was very gorgeously decorated, festooned and wreathed, the Christmas tree being hung with a profusion of presents for all the children present, most of them being mementoes worthy of preservation. The Santa Claus during this occasion was Colonel Dowd, who was dressed well to represent the character and he made a much better one than others we have seen in former times. Previous to the presentation of the Christmas gifts to the children A. B. O'Dougherty, Esq., delivered a short address. The delivery of presents to the expectant young ones occupied some time, after which the ceremonies for the evening closed. The task of decorating the church and preparing everything for the tree has occupied some weeks altogether, during which time Mrs. Mahoney, Miss Maggie Morris, Miss Annie Lynch, Miss Mattie Clark and Miss Maggie Lynch were unremitting in their preparations to forward matters and have everything ready in time. They were successful in the matter, as the children are all ready to testify.

F. & A. M. ELECTION.—The annual stated communication of St. Johns Lodge No. 18, F. and A. M., of Pioche, took place on Saturday evening, the 22d inst., when the annual election for officers of the lodge to serve for the ensuing year took place, resulting as follows: J. M. Hanford, W. M.; Adolph Cohn, Senior Warden; A. M. Polley, Junior Warden; D. A. Fulk, Treasurer, and Geo. T. Gorman, Secretary.

APPOINTED.—The Trustees of the Great Eastern, Bay State and Mayflower mines of Bristol District, in San Francisco, having great confidence in the experience of Wm. McDonald, have appointed him to take general supervision of the underground work of those mines.

CUTTING AFFRAY AT ROYAL CITY.—An affray occurred in Royal City on Christmas Day in which Thomas Higgins had his nose badly bitten and Daniel Hayes was cut with a knife in the side. It appears, from what we hear, that Higgins was standing in one of the saloons looking on at a fight between one Gardiner and Hayes, and as Hayes was getting the best of the fight, Higgins pulled him off of the other man, whereat Hayes became wrothy and said, "I thought you were a friend of mine." Higgins replied that Hayes was a liar if he ever thought he was a friend of his. At this Hayes started, made a jump, and caught Higgins's nose between his teeth, and succeeded in lacerating it terribly before he was taken off. Higgins was taken away, had his nose dressed, and coming back commenced the act of trimming his finger nails with his pocket knife, when Hayes passed near him. At this instant Higgins launched out the hand holding the knife and struck Hayes with it in the side, the blade striking a rib, thus preventing a very deep wound.

CHRISTMAS EVE PARTY.—After the Christmas tree festivities were closed at the churches, Christmas tree festivals were held at several of the residences of our citizens, among these was that of L. V. Loomis and wife, on McCannan street, where were congregated most of young misses of Pioche from fourteen to fifteen years of age, and a number of the young men. Mrs. Loomis had kindly allowed most of the youngsters to hang on the tree various presents for their young friends, both male and female, all of them being very appropriate and tasty. The boys must have been saving up their spare change for a long time as some of the presents amounted to considerable. Mr. and Mrs. Loomis during the evening entertained the young folks and the invited guests to a handsome collation, which was hugely enjoyed by all present, the party breaking up at a late hour. On Christmas Day the little folks of the neighborhood were entertained at the same place by the children of Mrs. Loomis.

GRAND JURY AND LICENSE.—The Grand Jury, in their report presented to the Court on Saturday last commented on some of our business men being delinquent in not paying up licenses regularly. The Sheriff calls, and sometimes he finds the merchants short, so calls again, and is again put off. This was the case regarding the last quarter. The Court commenced summoning jurors, etc., which occupied the attention of the Sheriff, so he had no time to call again on the merchants until the Grand Jury made their report. Merchants and business houses should recollect that the Sheriff is not obliged to call on them; he does it merely as an accommodation; it is their duty to call at the Court-house and take out their licenses.

DEAD.—David Artman, a native of Randolph county, Missouri, died in Pioche on Sunday, the 23d inst., of pneumonia. He leaves behind a wife and very young child to mourn his loss. His funeral was very largely attended by numerous friends and acquaintances, taking place on Christmas Day. Mr. Artman was a good citizen and we regret much to have to chronicle his early death, and also the circumstances in which he leaves his widow and child. Mrs. Artman has the entire sympathy of the community in her affliction as her husband was a great favorite in this place.

CIDER, from the Land of Apples, at T. C. Poujade's.

FIRE.—The alarm of fire last Sunday evening was caused by a blaze springing up in a blacksmith shop on Main street. It was easily extinguished after being discovered. During the alarm quite an excitement prevailed, and at the Episcopal Church a number of the young boys acted shamefully in yelling and "ki-yi-ing." Rev. R. H. Kline, who was delivering the sermon at the time of the alarm, stopped immediately and gave gentlemen permission to retire, as on occasions a little delay is very dangerous.

EVENING COLLATION.—After the festivities had closed at the Christmas tree of the Catholic Church Mrs. Mahoney invited the ladies and gentlemen composing the choir on that occasion, and a few friends, to partake of a handsome collation which she had prepared at her residence on Main street. The guests enjoyed themselves and passed a very pleasant evening.

DIARIES, SCHOOL BOOKS, ETC.—W. P. Goodman has just received and has for sale a lot of diaries for 1878, memorandum books of all kinds, and the following school books: Cornell's Primary and Physical Geography, Sheldon's Readers and Primers, Wilson and McGuffey's Spellers, Harvey's Elementary English Grammar, and Robinson's arithmetic.

CHRISTMAS MEATS.—Adelman & Loomis, of the People's Market, Meadow Valley street, have now on hand the best and fattest of Bees, Veal and Mutton. Families desiring a fat roast for a New Year's Dinner should look at their selection of meats.

POSTPONED.—Owing to the rough weather prevailing on Christmas Day the races which were to come off at the Four-mile Wells did not take place, but were postponed to a more auspicious occasion.

FAST FREIGHT.—Owing to the bad roads the Eureka and Palisade Railroad teams will not arrive in Pioche before Wednesday next.

INSTALLATIONS.—Last Thursday, St. John the Evangelist's anniversary, is the day celebrated all over the world by the Masonic Fraternity. At Pioche it was celebrated by the installation of the new elected officers of Keystone Chapter and of St. Johns Lodge No. 18. Keystone Chapter made their installation public before St. Johns Lodge, when the following officers were installed: E. Caus, H. P.; G. R. Alexander, King; H. Krause, Scribe; C. H. Patchen, C. How; D. W. Cuts, P. S.; D. A. Fulk, R. C. C.; E. D. Turner, G. M. of 3d V.; M. Cropsey, G. M. of 2d V.; A. Brown, G. M. of 1st V.; J. W. Wright, Treasurer; A. Cohn, Secretary; G. Woodard, Guard. After the above chapter had completed their ceremonies the following officers to serve for the ensuing year were duly installed by St. Johns Lodge No. 18: J. M. Hanford, W. M.; Adolph Cohn, S. W.; A. M. Polley, J. W.; D. A. Fulk, Treasurer; Geo. T. Gorman, Secretary; R. H. Elam, S. D.; L. V. Loomis, J. D.; H. Stein, Steward; L. Wollenberg, Steward; E. F. Morton, Tyler; C. H. Patchen, Marshal.

We are under many obligations to brother Newman, proprietor of the Panama Saloon, for a donkey load of Whisky, brandy, champagne and cigars, which he donated to the Reformed office, and inasmuch as it is impossible for this establishment to "get away" with such a vast amount of goodies inside of a couple of weeks, rather than see the above articles spoil, we will be under the painful necessity of postponing "swearing off" on the coming New Year's Day to one year hence. Every time the aforesaid articles are placed in use a gentle prayer is whispered for an extension of life to the generous donor ore.

CIDER, from the Land of Apples, at T. C. Poujade's.

DAY MINE.—Ore continues to be shipped from this mine as rapidly as teams can be had to haul it. The 30-stamp mill started up on Thursday morning crushing the ore from this mine, of which about 200 tons are already at the mill. A rich body of ore has been struck in the east running south from the incline and the mine is now making a splendid showing in regard to ore. The recent work has developed a well defined north and south vein, which has been opened up for a length of 55 feet, both ends being in exceeding rich ore.

MAYFLOWER MINE.—The road to the mine being nearly completed, double shifts will be placed to work running the north drifts and sinking through the ledge at right angles for a foot wall; are hoisting ore and getting the ore-teams ready to transport ore to the 20-stamp mill as soon as repairs to it are completed. The work on this mine is being vigorously pushed along.

RAYMOND & ELY MINE.—The following official letter shows what is now going on in this mine: Good progress has been made in the winze during the past week; it has a total depth of 103 feet; no change to note, and water continue about as heretofore; no change to note in upper portions of mine. One-half of the 30-stamp mill started up on the 25th instant on custom.

OFFICERS.—The following are the officers of the Mayflower Silver Mining Company: E. B. Dorsey President, P. S. Van Rensselaer Vice President, M. J. McDonald Treasurer, J. M. Paw Secretary, Frank Wheeler Superintendent, H. H. Day General Manager, Geo. W. Arnold Home Secretary. The office of the company is at No. 315 Pine street, San Francisco.

WILL CLOSE.—On Monday night, December 31st, the branch office of the A. & P. telegraph line will close in Pioche. George Miller, the operator, will leave on the 2d of January to take charge of the Western Union office in Austin. He expresses great regret in having to leave Pioche as he says the people have treated him so kindly whilst here.

NEW YEAR'S DINNER.—The Bank Exchange Restaurant intend on New Year's Day to spread before their guests a dinner composed of turkey, geese and chickens, also some of the finest roasted meats now to be found in the Pioche market.

TAXES.—The District Attorney informs us that only \$1,900 of Pioche taxes were delinquent for 1877, and of that amount \$600 has been paid since the 20th. \$4,000 in taxes outside of Pioche limits still remains delinquent.

BAY STATE MINE.—Have the house up and have now commenced to straighten up the shaft preparatory to putting on a whim. The work will be pushed ahead as fast as possible.

GREAT EASTERN MINE.—The shaft having been finished have men to work placing the whim in position so as to prepare for sinking deeper and hoisting ore.

THANKS.—We are under obligations to the members of the Young Men's Social Club for an invitation to their party to take place on New Year's Eve.

SMOKE-STACK.—A new smoke-stack for the Leeds Company's mill at Silver Reef was shipped by J. Eisenmann & Co. last Thursday.

BIRTHDAY.—Miss Dora Rich will entertain a few of her young friends to-day, it being the fourth anniversary of her birthday.

COUNTY SCRIP.—See the advertisement to-day in regard to county scrip.

ALPS MINE.—Official letter of the 28th to the Secretary: There is no change of importance to note in the appearance of the mine since letter of 23d; are prospecting and taking some low grade ore from the 8th level. Working on the west end of the 9th level and it shows some improvement; it is yielding considerable ore of good quality. The stope between the 10th and 11th is opened 80 feet in length and has improved considerably. The ore is from 12 inches to two feet in width, and of very good quality. We are drifting west from bottom of winze, below the 11th, and the ledge holds its size with ore of same character as before reported. The west drift between the 10th and 11th has been stopped for a week for the reason that we were blocked with rock from the stope. Will start again in a few days. Ledge looks well. Drift on the 12th in about 30 feet.

SOCIAL PARTY.—The last social party to be given by the Young Men's Social Club this year takes place on Monday evening next, New Year's Eve, at Brown's Hall. W. E. Griffin will act as Floor Director on this occasion. As every one is anxious to see the "Old Year out and the New Year in," we expect a large assemblage will be present.

SNOW AT SILVER REEF.—Captain Lubbock received a dispatch from Silver Reef on Wednesday last that snow had fallen at the Reef to the depth of eight inches.

POCICHE BULLION.—\$9,639.69 in bullion was shipped by Wells, Fargo & Co. during the week.

XMAS is about over in Pioche. Some of the boys kept up their lick pretty well for dull times.

CIDER, from the Land of Apples, at T. C. Poujade's.

THE WRONG SHIRT.—A correspondent deserves the respectful sympathy of all gentlemen who give out their washing. He says: "It is awful annoying to have some other fellow's clothes left in one's room by the washerwoman. Saturday we put on another fellow's shirt, but couldn't wear it. Although it was ruffled around the bottom, the sleeves were too short to button cuffs on, and there was no place for a collar."

Dr. Raven of Broadstairs, England, reports that he furnished a little girl with about seven inches square of new skin upon a spot which had been burned. Three hundred "skin grafts" were used. A few were furnished by several Sisters of Mercy, but nearly all were taken from a living pig.

At a baby show in Greenville, recently, a negro baby belonging to Mrs. Marsh took the first premium over thirteen babies belonging to the first white families of the town. This joke is one which even Greenville mothers cannot enjoy.

"Dear me, how loudly he talks," said Mrs. Partington, recently, at a temperance meeting. "I always am rejoiced when he mounts the nostril, for his eloquence warms in every cartridge of my body."

London Fun: Old lady (loufer): "My man, where is the offered Arms?" Loufer (opening his): "Here they is, mum, and offered fr-ely."
